● WORK EXPERIENCE

17/05/2017 - 12/06/2019 - CANOAS, BRAZIL

ALARM CENTER OPERATOR/ALARM CENTER OPERATOR ZAFFARI COMÉRCIO E INDUSTRIES

Responsible for monitoring, in real time, all internal and external areas of the establishment through the camera system (CCTV), ensuring the prevention of losses, the protection of customers, employees and the company's assets. In addition to video surveillance, I also worked in the control and response to alarm systems, verifying signs of possible invasions, emergencies or abnormal situations, such as unauthorized access, suspicious movements or technical failures.

10/09/2019 - 19/11/2021 - CANOAS, BRAZIL

IT TECHNICIAN/IT TECHNICIAN LA SALLE CANOAS

Responsible for ensuring the proper functioning of technological equipment and systems used in the educational environment. Their role is essential for the progress of administrative and pedagogical activities, offering technical support to teachers, students and management team. Carried out preventive and corrective maintenance of computers, notebooks, printers and other electronic devices; the installation and configuration of software used in classrooms and administrative sectors; and support in the use of networks, internet and educational platforms. Also provided direct service to users, solving doubts and technical problems quickly and efficiently, always focusing on maintaining the continuity of school activities.

01/02/2024 - 11/02/2026 - AZAMBUJA, PORTUGAL

WAREHOUSE LOADER/WAREHOUSE LOADER

Experience in loading and unloading operations, with mastery in receiving, checking and dispatching goods processes. Competence in organizing stocks using inventory systems, palletizing and safe handling of materials, strictly following safety standards of the work (PPE). Technical capacity to act quickly in the sorting of products, ensuring the integrity of volumes and the efficiency of the logistics flow.

● ABOUT ME

About me

I am a professional with solid experience in computer science and a great ability to learn new

technologies, tools and processes. I have a strong determination to grow professionally and am always looking for opportunities to develop my skills and contribute to the team's results. I have ease in adapting to new work environments and working in a team in a collaborative and efficient manner. I face challenges with a positive mindset and am always willing to overcome obstacles, achieve goals and seek continuous improvement. I believe that knowledge is essential to add value to organizations, so I maintain a constant focus on personal and professional development.
